IN-BOUND SUBROGATION REVIEWS

You've got incoming subrogation demands and we can help. We will audit the repair estimate, tow and storage bills, and rental information to determine the correct indemnity payment.

ESTIMATE CREATION

Our team creates estimates from scratch, we do not copy estimates from repair facilities. Specialty estimates are created by experts with an extensive background in handling specialty claims, and auto estimates by auto experts.

QUALITY ASSURANCE AUDITS

Using a well-honed quality assurance audit tool, Inspection Connection reviews open and closed files for indemnity accuracy.

TOTAL LOSS INSPECTIONS

Inspection Connection offers complete estimate and evaluation services for any vehicle assigned to any Copart or IAA location in the United States.

IMPROVE SALVAGE RECOVERY

Reduced cycle times, accurate salvage values, choosing the correct mitigation plan and aggressively searching for the best salvage return.

DESK REVIEW

Estimates from insurers, 3rd party administrators, independent appraisers or repair facilities can be submitted to Inspection Connection for review to assure indemnity accuracy.
